

## **Exploring PFAS in North Carolina: Impacts on the Environment and Human Health**

2019 Third Annual CHHE Symposium Agenda  
February 14, 2019

Coastal Ballroom, Talley Student Center, NC State

---

- 8:30 - 9:00 Check in and refreshments
- 9:00 - 9:15 Rob Smart (CHHE) – Welcome
- 9:15 - 10:00 Sharon Lerner (The Intercept) - Emerged: The People Behind the Global Spread of PFAS
- 10:00 - 10:30 Detlef Knappe (CHHE)- PFAS in North Carolina Drinking Water: A Brief History and Future Outlook
- 10:30 - 10:50 Break
- 10:50 - 11:35 Veronica Vieira (UC Irvine) - PFOA Exposure and Health Outcomes in the Mid-Ohio Valley
- 11:35 - 12:30 Community Perspectives Panel: Kemp Burdette, Denise Bruce, Philip Tarte, Greg Cope, Emily Sutton
- 12:30 - 1:30 Lunch
- 1:30 - 2:15 Mike Abraczkas (NC DEQ) - Atmospheric Contributions to PFAS Compounds Found in Groundwater in NC
- 2:15 - 2:45 Scott Belcher (CHHE)- Studies of Alligator and Fish Exposures in North Carolina - Preliminary Findings from PFAS Exposure Assessment in Alligators and Cape Fear River Striped Bass
- 2:45 - 3:00 Break
- 3:00 - 3:30 Jamie DeWitt (CHHE) - PFAS and Health: What We've Learned in the Past Two Years
- 3:30 - 4:00 Denis Fourches (NC State) - Towards the Virtual Bioprofiling of PFAS Derivatives
- 4:00 - 4:25 Jane Hoppin (CHHE) - The GenX Exposure Study: Background, Design, and Population
- 4:25 - 4:50 Nadine Kotlarz (CHHE) - The GenX Exposure Study: Analyzing PFAS in Blood
- 4:50 - 5:00 Linda Birnbaum (NIEHS) - Closing Remarks
- 5:00 PM Posters and Reception
-
