Center for Human Health and the Environment
Community Mini-Grant Program

Receive a grant for up to $4,500 to address environmental health issues in your community.

Projects will collect information, and conduct outreach and education, to address community needs related to environmental health.

Topics might include:

- Air Quality
- Water Quality
- Healthy Homes
- Soil Quality
- Healthy Foods
- Abandoned Sites
- Brownfields
- Healthcare
- Disease Prevention
- And more.

Mini Grant Announcement: July 1, 2016
Applications Due: August 15, 2016 by 5:00pm
Approximate Project Start Date: October 1, 2016
